

A BRIEF NOTE ABOUT OUR ACCREDITATION.

Cognia (previously AdvancED) is “a forward thinking nonprofit organization laser-focused on improving educational opportunities for all learners” while providing “unmatched expertise, fresh perspective to . . . link student and school performance, a global network of educators, . . . [and] services and solutions backed by well-regarded research.” Further, they are “the largest education improvement organization in the world . . . [with a] history of success built on expertise across a range of educational practices focused on school improvement, assessment, student engagement, effective learning environments, and data use.”

Cognia serves more than 36,000 institutions, five million teachers, and 25 million students in 85 different countries.

“AdvancED was created through a 2006 merger of the Pre-K12 divisions of the North Central Association Commission on Accreditation and School Improvement (NCA CASI) and the Southern Association of Colleges and School Council on Accreditation and School Improvement (SACS CASI)—and expanded through the addition of the Northwest Accreditation Commission (NWAC) in 2012.” Now operating as Cognia (as of 2018-19), the accreditation reach and responsibility remains.
